

RAYMOND R. COPELAND, D.D.S., LTD.
DIPLOMATE OF AMERICAN BOARD OF ENDODONTICS
PRACTICE LIMITED TO ENDODONTICS

Pre-Endodontic Treatment

- This procedure will be performed using local anesthesia. There are usually no restrictions after the procedure concerning driving or returning to work. Continue all medications for blood pressure, diabetes, thyroid problems and any other conditions as recommended by your physician. If there is a question, please call our office prior to your appointment.
- Please eat a full breakfast or lunch as you normally would.
- If you have been advised by your physician or dentist to use antibiotic premedication because of mitral valve prolapse (MVP), heart murmur, hip, knee, cardiac or other prosthesis, or if you have rheumatic heart disease, please make sure you are on the appropriate antibiotic on the day of your appointment. If there is a question, please call our office prior to your appointment.
